Ram Dulari Jagdeep Singh Highschool (2019)

Secondary (X)

ABS International School (2017)

Skills

Html, CSS, JavaScript

React js

Bootstrap, j query

Oops Concepts

Tools & Platforms: Git, Visual Studio, VS Code

Python

Projects

01/2025 – Active

Personal Portfolio

A Modern Portfolio with Authentication and Contact Form

I have created my portfolio using React.js, where I have shared details about myself and the projects I have worked on. This portfolio also includes a fully functional login page built with Node.js. Any user can fill out a form and send it to me directly. It features a responsive design, interactive UI, and seamless navigation for a smooth user experience. Additionally, the portfolio is optimized for performance, ensuring fast load times, and includes form validation for secure and accurate data submission.

Professional Experience

09/2024 –

Bluepi.pvt.ltd

Data Platform(Project)

Developed and maintained the front-end of a Data Platform using React.js, ensuring a responsive UI and seamless user experience. Optimized performance, implemented reusable components, integrated APIs, and enhanced state management for better efficiency. Collaborated with designers and back-end teams for smooth functionality, conducted debugging and troubleshooting to resolve issues, improved accessibility and scalability, and ensured cross-browser compatibility for a consistent user experience.
